NHSTE at a glance

Special Interest Groups [SIGs]

NHSTE sponsors groups that focus on specific issues related to technology in education. This brings to the forefront important issues and encourages networking between educators.

Professional Development

Super Thursdays are short professional development opportunities focused on current technology issues. Some recent sessions have been digital video, robotics, Inspiration and WebCT.

Member Network

NHSTE offers various listservs to stay connected. Members can ask questions to the group and learn from other members' experiences.

NHSTE works with...

New Hampshire Educational Media Assn [NHEMA] • BAE SYSTEMS • Southern New Hampshire University [SNHU] • Lego League • New Hampshire School Administrators Association [NHSAA]

Affiliate of ISTE

NHSTE is the state of NH's affiliate of the International Society of Technology in Education. ISTE sponsors a national conference, and publishes documents about technology in education.

Statement of Purpose

NHSTE provides a structure for linking educators across the state to share the effective application of emerging technologies in New Hampshire schools.

From the President

NHSTE is proud to be the New Hampshire affiliate of ISTE. We are committed to providing leadership in the area of technology in education. Our members serve in an advisory capacity to different organizations, including representation of New Hampshire educators to governmental agencies and policy makers. We continue to reach out by creating active partnerships with key stakeholders in the education realm.

Our primary goal is to promote the use of technology to support curricular goals. We encourage the use of technology-based resources in all facets of education. I hope you will join us, and add to our growing number of contacts, colleagues and friends.

Deb Boisvert
NHSTE President
