Follow these directions to apply for a \$360 scholarship that covers registration costs for two people, including lunch, for one day:
  - Find a colleague who is interested in learning more about educational technology
  - Download and complete the application stating why you would like to attend
  - Describe how you intend to share the information gained by attending this conference with others from your district
2. **Scholarship for a District Team** – The H. Charles Larracey Memorial Scholarship is awarded in recognition of H. Charles Larracey, a distinguished New Hampshire educational leader from Keene and one of the original founders of this conference. Two team scholarships for a full day at CMTC are granted. These two team scholarships are given annually in memory of Chuck's belief in the potential of teamwork and the power of high-quality professional development.

Successful teams will consist of 8 and 12 members from a school system, including a broad representation of roles (teachers, administrators, school board members, and others). Your application should include a list of members and your reason for applying. It should also signify your willingness to use the results for improving the integration of technology in your schools. The scholarship includes free registration for all team members for one day at the conference. The amount of this award ranges from \$1,440 to \$2,160 per team.
